Compliance Filing of Public Service Cellular, Inc.

Public Service Cellular, Inc. ("PSC"), by its attorneys, and pursuant to Section 54.209(a) of the Rules and Regulations¹ of the Federal Communications Commission ("FCC" or "Commission") and the *Order* in the above-referenced proceeding designating PSC as an eligible telecommunications carrier ("ETC") in Alabama and Georgia,² hereby submits information regarding: (1) its progress towards meeting its quality improvement plan; (2) the number of outages lasting at least thirty minutes in PSC's service area; (3) the number of requests for service from potential customers that were unfulfilled for the past year; (4) the number of complaints per 1,000 handsets or lines; and (5) applicable ETC certifications.

¹ 47 C.F.R. § 54.209(a).

² *In re Federal-State Joint Board on Universal Service, Public Service Cellular, Inc. Petition for Designation as an Eligible Telecommunications Carrier in the States of Georgia and Alabama*, FCC Docket No. 96-45, Order, DA 05-259 (January 31, 2005) (*Order*).

I. Quality Improvement Plan

As PSC has noted in past compliance filings, PSC has delayed adoption of its quality improvement plan pending receipt of high-cost universal service support. From 2006 to 2011, PSC has received no universal service support.

II. Number of Service Outages

Over the past year, PSC has not provided service eligible for high-cost support, and PSC currently is not providing service eligible for high-cost universal service support. Accordingly, PSC did not experience any service outages lasting at least 30 minutes over the past year.

III. Number of Unfulfilled Service Requests

PSC has not had any unfulfilled service requests from potential customers over the past year.

IV. Number of Complaints Per 1,000 Handsets

PSC is not aware of and did not receive any complaints filed with the FCC, the Alabama Public Service Commission, or the Georgia Public Service Commission over the past year.

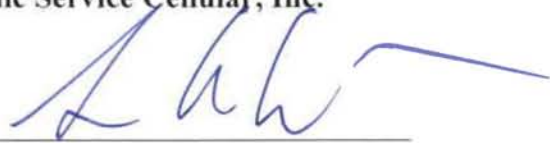

V. Certifications

PSC did not provide service eligible for high-cost support over the past year, and PSC currently is not providing service. Therefore, the ETC certifications regarding quality service standards, emergency functionality, local usage plans, and equal access currently are inapplicable to PSC.

For any additional information regarding PSC's ETC compliance, please contact the undersigned counsel.

Respectfully Submitted,

Public Service Cellular, Inc.
